## THE EVENT

The 13<sup>th</sup> Pacific Rim International Conference (PRIC2022) hosted by **Water Jet Technology Society of Japan (WJTSJ)** will be held from 14<sup>th</sup> to 15<sup>th</sup> November 2022 in Singapore. PRIC2022 aims to highlight the latest research on the theme "Water Jet Technology", and seeks opportunities for collaboration among participants. You are cordially invited to submit research papers in any area of relevance. All presentations will be held in-person. The main topics include, but not limited to:

- Waterjet fundamentals and equipment
- Waterjet in cutting, machining, cleaning and processing applications
- Waterjet applications – petroleum, aerospace, construction, electronics, precision engineering industries
- Waterjet application in safety, fire and rescue applications
- Precision and ultra-precision manufacturing processes and systems including all processing technologies
- Waterjet technology for surface enhancement and robotic applications
- Engineering metrology for precision and ultra-precision manufacturing
- Jet Flow and cavitations by ultrasonic, hydrodynamic, and optics
- New applications, and special topics
